SUMMARY

I am an aspiring IT professional with a strong interest in technology and computer systems. Though I am at the beginning of my career journey, I am highly motivated to learn new skills and contribute effectively in an IT environment. I am eager to develop my technical knowledge and gain practical experience through entry-level opportunities and training. I am very much passionate about Full Stack development and Android development, leveraging basic IT knowledge from personal projects and online learning. Skilled in frontend (HTML/CSS/Bootstrap) to create responsive apps. Seeking opportunities to grow and develop my skills and to learn more.

SKILLS

Languages : Python, Java, C.

Front-End Technology : HTML, CSS, JavaScript, Bootstrap.

Tools : VS Code, Android Studio.

EDUCATION

Shri Natesan Vidyasala matric Hr Sec School | SSLC | 2019 –2020

Shri Natesan Vidyasala matric Hr Sec School | HSC | 2021 –2022

Bachelor of Engineering – Electrical And Electronics Engineering | St.Joseph's College Of Engineering| 2022 –2026

PROJECTS

Portfolio Website

Designed and developed a responsive multi-page portfolio using HTML and CSS, featuring sections for projects, skills, and contact form with mobile-first approach via Flexbox and media queries. Optimized site performance with semantic HTML structure and CSS animations, achieving fast load times. Deployed via GitHub Pages, showcasing clean code organization and best practices for maintainability in a professional one-page or multi-page layout. **Tech Stack** : HTML, CSS.
